A clear vision for your next event location

A rare discovery

Switzerland is renowned all over the world as a first class country for hosting meetings and conventions. South of the Alps, Lugano comes as a revelation: Switzerland's third-largest financial centre is known as a sophisticated and efficient business city, yet it has not forgotten how to enjoy the good things in life. Locals lead a distinctly Italian lifestyle, enjoying long summers and mild winters.

Destination Lugano

This quiet, compact little city of spacious parks lies on the shores of beautiful Lake Lugano. The landscape has not been spoiled by excessive urbanisation, and its natural balance of mountains, hills and lowlands makes it an agreeable place to be in any season, offering a wide range of things to do.

Homely and compact venue

Lugano's Palazzo dei Congressi is centrally positioned, right next to the splendid Parco Ciani and its homonymous villa, directly on the lake shore. The centre is located within a short distance of many hotels, services and attractions. A large amphitheatre, banquet/conference rooms, break-out rooms and a central exhibition area offer the ideal location for events of all kinds. One of the most appealing aspects of the convention centre is its uncluttered hallways, wide stairways and outside terraces, spacious yet human in scale and ideal for networking.

Some figures

- 1 auditorium (for 1'130 people)
- 19+ meeting rooms
- 1'300 sqm exhibition/networking space
- 2 historical venues
- 10+ additional meeting venues (within walking distance)
- 2'000+ hotel rooms (within walking distance or a short bus ride distance)

Historical locations

The historical Villa Ciani, connected to the convention centre, provides an exclusive venue available to rent for private events or as an extension of the Palazzo dei Congressi. Villa Ciani, one of the City's most magnificent locations, overlooks the Ciani park and the lake and offers many fully air conditioned rooms on three levels with frescoed ceilings and wooden floors. An additional event location is available at the nearby "Ex-Asilo Ciani" (a former Kindergarten).

Where

Strategic geographic position

Lugano is extremely easy to reach through public or private means of transportation (rail, road and air). Lugano is situated in Ticino, an alpine Canton in a strategic geographic position, directly on the North-South international axis of the St. Gotthard route (Milan-Lugano-Zurich).

Lugano Airport

The advantages of using a small regional airport are numerous and varied. Lugano Airport, situated at Lugano-Agno, 6 km from the city centre, ensures fast daily connections between Ticino and the main Swiss centres of Zurich and Geneva by direct flights. The small airport infrastructure offers fast boarding time (20 minutes before departure).

International airports

Lugano is situated only 70 km from the Milan international airport of Malpensa and is connected with a comfortable scheduled shuttle service, arriving and departing from the Lugano train station and taking one hour. The International airport of Zurich is situated 200 km away with connections by plane, rail or road.
